- Reduced staff absenteeism
- Greater tenant satisfaction
- Excellent marketing / PR tool

“Schools in Syracuse N.Y., documented gains in attendance of over 11% yielding added state funding totaling \$2,513,250 the first year after deploying a healthier cleaning regimen. This was attributed to the improved health of students by disinfecting desk / surfaces, reducing dust using high – efficiency filter vacuums, and other cleaning measures.”

Our Green Cleaning services use Green-Seal certified and environmentally preferable products along with environmentally conscious practices to minimize the impact on health and the environment while enhancing occupant morale, productivity, safety, and wellness.
